# ABOUT US

---

Chief Executive and promoter of M/s The Green Globe is Mr. Madana Mohana M, aged 48 a Science Graduate and Mahesh, aged 46 a Science Graduate comes from a traditional business family with business relating to food industry for more than four decades.

Basically interested in preserving Mother Nature, The Green Globe was promoted with a motive to produce and distribute worldwide the eco friendly Areca Leaf products, which will change the habit of using products made out of plastic and nondegradable materials. The Green Globe is a registered company with appropriate Government formalities. We aim to enhance customer experience by introducing 100% Natural areca leaf based tableware with premium quality & reliability at an affordable cost as best 'alternative to single-use plastic' based disposable tableware. We achieve this by using innovative production methods. From making healthy and sustainable choices to reducing plastic waste from the environment. We believe in delivering the best quality products every time to each of our customers. Hence, we produce the premium products using the best quality areca leaf.

export@thegreenglobes.com

# ROUND SHAPED

Indulge in the elegance of our palm leaf plates available in various sizes to suit any occasion. The unique grain patterns and earthy tones add a touch of rustic luxury to your table. Round areca leaf plates with rounded edges are softer and more attractable.

Round plates are traditional modal plates. Round symbolizes the completeness. The neatly arranged areca leaf round plates present a splendid look. Curved lines of the round plates give graceful and consummate appearance.

THE  
GREENGLOBE

# RECTANGLE SHAPED

Our areca leaf plates with rectangle shape concord with most of the items around us. Our rectangle plates resemble traditional Indian banana leaves. They are used to serve the dishes which occupy lengthy area.

Rectangle plates are convenient to handle when they are served with different variety of food items. They are good enough for most of the food items ranging from Ice Cream Sandwich to Dosa.

# SQUARE SHAPED

As the square plates have equal sides and four equal angles, they are easy to stack comparing with the other shaped plates. They display strength and presence as they are with sharp lines and edges.

They have been produced with their unique features. Areca leaf Square plates are available in different sizes. A small dent in square plate helps the user to handle it very conveniently. The customers can choose small, medium or large plates to cater their needs.

GREENGLOBE

# DESIGNER PLATES OF DIFFERENT SHAPES

Eye-catching designer plates of different shapes and models have been created for quenching your aesthetic thirst. Our designer plates have more advantages than the other designer plates made of artificial, synthetic, chemical coated plates. We feel proud to proclaim that the designs of areca leaf plates are uniquely designed by Mother Nature.
